WESTERLY

Rev. Lawrence J. Kelleys, S. M. will end his pastorate at the Church of the Immaculate Conception within the coming four months. Father Kelleys is not only popular with his parishioners but with the people of Westerly, and his departure will be generally regretted. According to the canon of the Society of Mary the Mariist Fathers are not permitted to remain in the same parish for more than two terms of three years, and Father Kelleys' six years of service here will end, early in September. He will be transferred to Washington, D. C., at the college of the order, to assist in the preparation of young men in their studies for ultimate ordination as priests of the order.

The first idea of a Society of Mary originated in 1816, in Lyons, France, with a group of seminarians. It was in the Restoration of 1815 an opportunity for religion, but the real founder was Jean-Claude-Marie Colin, the most retiring of the group. Pope Gregory XVI, in 1839, approved definitely the Priests of the Society of Mary, at Marietta, Ohio, as a religious institute with simple vows and under a superior-general. The Society of Mary is now divided into six provinces: Two in France, one each in the British Isles, in the United States in New Zealand and Oceania, with priests in Belgium, China, Japan and Canada.

The province of the United States, erected in 1889, comprises two training houses in Washington, four colleges, parishes in various states and missions in West Virginia and Idaho, and administrators to 85,000 Catholics. From this province has been detached the "vice province" of Mexico, with a large number of the parishioners French, American, German and Mexican. The Mariist Fathers were given charge of the Church of the Immaculate Conception, Westerly, about fifteen years ago.

In the smoke of the Pittsburgh express train, which reached Westerly at 7:40 Tuesday morning, was a party of seventeen nuns, men, women and children, all in array bound for Boston. The man who was the evident leader of the party, as he held the railroad tickets, contrary to usual custom, talked freely to a passenger on the train who was not of his party. In response to queries, the gray leader said:

"You, she is a very old woman; she's 102, and is my grandmother and I'm 69, and the ages of the party are graded down from 102 years to three months. Sure! Most of us are relatives. Besides granny, there's my wife, my son and his wife and two children, my uncle on my mother's side, and my aunt on my mother's side. In fact we are all relatives; but there are no intermarriages."

Admiral Herbert Omar Duns, and Mrs. Dunn are at 141r summer home at Dunn's Corners. The admiral is president of the board of inquiry investigating the alleged methods of the naval vessel at Newport, and has held sessions in that city, Philadelphia and Washington.

The board will hold a session in Westerly beginning Thursday and will probably close Saturday. The admiral has arranged to hold the sessions in the superior court room in the Westerly court house, which is a part of the town hall building.

Narragansett Commandery, Knights Templar, of Westerly, will participate in the big demonstration of the knights of the Massachusetts and Rhode Island jurisdiction in Providence, Thursday, when it is expected that 9,000 knights will parade with 35 bands, aggregating 400 musicians. The members of Narragansett Commandery will make the trip by automobiles, accompanied by ladies. This commandery has secured the services of the American Legion band for the parade, thereby saving at least \$150.

as compared with the cost required to have the Westerly band. This saving is made in transportation and entertainment of the local band.

Arrangements are completed for Memorial Day exercises and Marshal George Leonard makes the announcement that the parade will form at 10:30 o'clock on Elm street with the right resting on Granite street at the head of Broad street and will march directly to the West Broad street river bridge where the memorial services for the unknown sailor or dead will be conducted by the Women's Relief corps. At the close of the services the parade will march to St. Michael's old cemetery where taps will be sounded. From St. Michael's cemetery the parade will counter-march down Liberty street to West Broad to Broad and down Elm street to River Bend cemetery.

The services at River Bend cemetery will be conducted by Building post No. 2, G. A. R. with prayer by the Rev. Clayton A. Burdick. The benediction will be pronounced by Rev. P. S. Saller. Upon the completion of the services at River Bend the veterans and their escorts will return to Mechanics hall where all who participate in the parade are to partake of a luncheon prepared by the Women's Relief corps.

The memorial exercises which have hitherto been held in the town hall in the evening will be continued in the afternoon at 3:30 o'clock under the auspices of Building post No. 2, G. A. R. and the G. A. R. will be the orator of the day.

The body of the first service man to die abroad in the world war arrived in Westerly, Tuesday, from West, where he died of pneumonia, October 2, 1918. He is Charles Marshall Perry of the ship Martha Washington. Perry was buried at West, France, in grave No. 378, section C, row 3, being disinterred March 29, 1920. The body was shipped by the naval casket service in a supply officer's box of the navy at New York and then to the next of kin, Mrs. Sarah Carpenter, 159 Main street, Westerly.

Perry was born July 1, 1896 at Oakes, W.Va., and enlisted in the U. S. navy from Westerly in 1917. He went overseas on the Martha Washington as a third class mate. Upon being taken ill he was taken to the base hospital at West, where he died of pneumonia.

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy **ESPECIALLY** prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician.

Children Cry For Fletcher's CASTORIA

Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3, 30x3 1/2, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50

30x3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag. \$4.50
